Elvira Hugendubel

Senior Project Manager

Experienced project manager with a strong technical background in frontend development. I combine agile methodology with technical expertise to lead cross-functional teams to peak performance and successfully deliver complex digital transformation projects.

03/1988 erika.mustermann@example.de +49 170 1234567 Munich, Germany

01. Experience

TechVision GmbH 04/2022 – **heute**
Senior Project Manager
Leading a portfolio of **three parallel digital transformation projects** with a total budget of €2.5M. Managing cross-functional teams (15–20 people) using Scrum and SAFe.

- Introduced a company-wide design system in collaboration with UX and frontend teams
- Reduced time-to-market by 30% through optimized release processes
- Stakeholder management at C-level

Digital Solutions AG 09/2019 – 03/2022
Project Manager
Responsible for planning and delivery of client projects in the e-commerce space. Close collaboration with development teams and product owners.

- Migrated a legacy shop to a modern **React/Next.js** architecture
- Introduced Jira and Confluence as central project management tools
- Built an internal training program for agile methods

WebKraft Studios 03/2016 – 08/2019
Frontend Developer
Developed responsive web applications for mid-sized clients. Close coordination with designers and backend developers.

- Built SPAs with **React** and **TypeScript**
- Implemented component libraries and style guides
- Mentored working students and interns

Agentur Kreativpixel 04/2014 – 02/2016
Junior Frontend Developer
Entry into professional web development. Built client websites and landing pages.

- HTML, CSS, JavaScript and jQuery
- Responsive design and cross-browser compatibility
- First experience with Git and agile workflows
